Education:

2007-2012   •**Doctor of Philosophy , Library and Information Science** Department ,Islamic Azad

University, Science and Research branch, Tehran, Iran .Thesis Title : **"Evaluation of**

Persian Theauri based on ANSI/NISO z39.19 2005".

1997-1999   • **Master of Applied Science , Medical Library and Information Science Department**,

Iran University of Medical Sciences, Tehran, Iran**.Thesis Title :"Evaluation of Persian**

Theauri based on ISO 2788"

1991-1995   • **Bachelor of Applied Science. Medical Library and Information ScienceDepartment**,

Iran University of Medical Sciences, Tehran,iran.

TEACHING EXPERIENCE

(As a lecturer)

1998-2012

1) Organization of Medical materials (Iran University of Medical Sciences)(MSc. Students)

2) Organization of materials 3 (Iran University of Medical Sciences) (MSc. Students)

3) Organization of materials 4(Iran University of Medical Sciences) (MSc. Students)

4) Medical Information systems (Shahid Beheshti university of Medical Sciences)(PhD students)

5) Organization of materials 1 (Shahid Beheshti University of Medical Sciences) (BA. Students)

6) Organization of materials 3 (Shahid Beheshti University of Medical Sciences) (BA. Students)

7) Organization of materials 4(Shahid Beheshti University of Medical Sciences) (BA. Students)

8) Organization of materials 5(Shahid Beheshti University of Medical Sciences) (BA. Students)

9) Apprenticeship 1-4 (Shahid Beheshti University of Medical Sciences) (BA. Students)

10) Information Science fundamentals (Shahid Beheshti university of Medical Sciences) (BA. students)

11) Resource and terminology of basic science (Shahid Beheshti university of Medical Sciences) (BA. students)

12) Resource and terminology of clinical science (Shahid Beheshti university of Medical Sciences) (BA. students)

(As an assistant professor)

2012-present

1) Medical Information systems (Shahid Beheshti university of Medical Sciences)(PhD & MSc. students)

2) Organization of Medical materials (Shahid Beheshti University of Medical Sciences)(MSc. Students)

3) Research Methods (Shahid Beheshti university of Medical Sciences)(MSc. students)

4) Indexing and abstracting (Shahid Beheshti university of Medical Sciences) (MSc. students)

5) Research projects (Shahid Beheshti university of Medical Sciences) (MSc. students)

6) Information Science fundamentals (Shahid Beheshti university of Medical Sciences) (MSc. students)

7) Information Systems and Information Technology (Shahid Beheshti university of Medical Sciences) (MSc. students)

8) Information Research and Retrieval system(Shahid Beheshti university of Medical Sciences) (MSc. students)

9) Digital Libraries (Shahid Beheshti university of Medical Sciences) (MSc. students)

10) Internship (Shahid Beheshti university of Medical Sciences) (MSc. students)

(As a workshop instructor)

2007-2009

1. Medline (Undergraduate and postgraduate colleagues in Shahid Beheshti university of Medical Sciences)

2. MeSH (Undergraduate and postgraduate colleagues in Shahid Beheshti university of Medical Sciences)

RESEARCH EXPERIENCE :

2012-present   • Master's level, Department of Medical Library and Information Science,

Shahid Beheshti University of Medical Sciences, thesis:

(**As supervisor**)

1) Assessment of Iranian Systematic review and meta-analysis

in WOS & Scopus with PRISMA Checklist and determine the correlation

between the obtained results with scientometric indicators

2) Analysing the Observance Rate of ISO 7144 Standards in

Pharmacuetical Thesis of Public Universities in Tehran since 2009 -2013

3) Evaluation of Academic Thesis Abstracts Based on ANSI/NISO

Z39.14 (R2015) Standard during 2010-2014

4) A Study of the Effects of Health literacy Education on Diabetic

members of Art & Cultural Organization of Tehran Municipality-

Andisheh Cultural Center

5) A Study Of Citation Method Of Faculty Members Of Shahid Beheshti

University Of Medical Sciences In Scopus And Authority Control Of

Authors-Names Based On Their Frequency In Mentioned Database

6) A Study of the scientific productions of the faculty members of

traditional medicine at Universities of Medical Science in Iran medical

in the scopus citation database since 2005 until 2015.

7) Comparative Study of Marketing Mixes In Libraries of Shahid Beheshti, Tehran and Iran Universities of Medical Sciences

8) Quality assessment of services of Neyshabur academic libraries by Libqual indicator

9. An Investigation to effective factors for adoption of evidence-based medicine databases among residents of shahid beheshti university of medical sciences based on the unified theory of acceptance and use of technology (UTAUT)

10. Online health information seeking behaviors among pregnant women in Hamedan

11. A survey on the relationship between information seeking anxiety and thinking styles of graduate students in the School of Allied Health of Shahid Beheshti University of Medical Sciences and its correlation with thinking styles

12. Relation of librarians' spiritual intelligence on the professional ethics of Shahid Beheshti University of Medical Sciences

13. Investigate the Relationship Between Fear of Cancer and Cancer Health Information Seeking Behavior in Shahid Beheshti University Students.

14. Comparative study of levels of evidence in Nurrsing scientific publication indexed in Scopous in Iran and selected countries during 2011-2015.

15. Functionality of Persian Medical Thesauruse Database in form of IranMarc on the basis of IFLA Library Reference Model (LRM)

16. Assessing the quality of Persian and English websites in the field

Of Multiple sclerosis(M.S) disease Using the WebMedQual Scale

17. Study of association between health literacy and health-related

quality of life among patients with multiple sclerosis in Fars

province.

18. An investigation on Related adoption factors of evidence-based

nursing databases among nurses of Shahid Beheshti University of

Medical Science based on Rogers's diffusion of innovation theory

19. The effect of education on hypertension health literacy of patients with hypertension referred to public libraries in Ardakan

20. Evaluation of Coronavirus-Related Health Literacy and its relationship with   e-health literacy among Covid-19 patients

(As Advisor):

1. Mapping and analysis of the co-authorship networks of the Iranian pharmacology and pharmacy articles in science citation index between 2003 to 2012

2. The study of organizational climate in college libraries of Shahid Beheshti University of medical science and its relation with clients satisfaction

3. the study of Grey Literature Management in Shahid Beheshti University of Medical Sciences Libraries

4. The study of Scientometric Indicators of Medical and Non-Medical Highly Cited Papers in the Islamic Countries in ESI

5. Evaluation of back of the Printed Persion medical books indexing published during 2010-2014 according to ISO 999:1996 standard

6. Designing Metadata Application Profile and Registry for Organizing Content Objects of Libraries in Shahid Beheshti University of Medical Sciences

7. Evaluation the Quality of Persian Diabetes Websites based on WebMedQual

8. Comparative analysis of survey indicators of medical journas in Scopus & WOS by 2013

9. A Survey of knowledge management infrastructure in the libraries of Shahid Beheshti University of Medical Sciences from the librarian's perspective

10. E-readiness survey of Shahid Beheshti university of medical sciences libraries

11. Designing Metadata Application Profile and Registry for Organizing Content Objects of Libraries in Shahid Beheshti University of Medical Sciences

12. The Study of Altmetrics of surgical highly cited papers in Web of science and its correlation with citations

13. Relation of strategic management components based on the Hill and Jones model on organizational agility in the central libraries of governmental universities in Tehran

14. Assessing of the Quality of Randomized Controlled Trial (RCTs) Abstracts in cardiovascular diseases Indexed in Medline using CONSORT Checklist and its Correlation with the Altmetrics Score

15. Feasibility study on the use of the Internet of Things in the central academic libraries of state universities of Tehran

16. - Evaluation of citation accuracy status in the Iranian Gynecology and Obstetrics journals and comparing it to web of science journals in this domain

17. The Effect of bibliotherapy on the Self-esteem of the Blind of Fatemeh Al-Zahra organization of Isfahan city

18. Analyzing the scientific maps of endocrinology & metabolism publications in Iran based co- authorship & co- word analysis

19. An Investigation of Mendeley Readers for most cited Medical articles of Web of Science in the year 2016 and it's Correlation with Citation

Projects:

(As Research assistant)

1997- presents

1) The design, implementation and presentation of the information computerized services in the library of Iranian Food and Nutrition Institute

2) Persian Meddical thesaurus (1st edition) (**National project** with the support of Iran National Library)

3) Persian Meddical thesaurus (2nd edition) (**National project** with the support of Iran National Library)

4) A Feasibility study of networking in the libraries of Shahid Beheshti University of Medical Sciences: proposing a model

5) An investigation of medical verses of the Quran and compliance with the NLM Classification

(As Research executive)

2008-presents

1) Study of T.V. advertisement effect upon child and adolescence food habits: a survey on primary and guidance students in District 3 of Tehran educational organization

2) Persian Meddical thesaurus (3rd edition) (**National project** with the support of <u>Iran National Library</u>)

3) Identify and analyze the prerequisites of access to information literacy skills among the students of Paramedical sciences faculty and compare their information literacy level

4) Correlation between the observance of the PRISMA checklist criteria in systematic review and metaanalysis Iranian researchers articles indexed in the Web of Science citation report & Scientomeetric indicators.

5) The study of the Observance Rate of ISO 7144 Standards in the Thesis and dissertation of Paramedical sciences faculty of SBMU

6) Authority control of authors names of faculty members of Shahid Beheshti university of medical science based on their frequency in Scopus

7) An Investigation to effective factors for adoption of evidence-based medicine databases among residents of shahid Beheshti university of medical sciences based on the unified theory of acceptance and use of technology (UTAUT)

8) Comparative study of levels of evidence in scientific Nursing productions indexed in Scopous in Iran and selected countries during 2011-2015

9) Health Information Seeking Behavior of Pregnant Women In Environment Web : A case study

10) Scientific productions of traditional medicine in Iran : Analysis and investigation in the scopus since 2005 until 2015

11) Investigating the Relationship Between Fear of Cancer and Cancer Health Information Seeking Behavior in Shahid Beheshti University Students

12) Analysis of Evidence Based Nursing Database Acceptance Based on Rogers Innovation Dissemination Model

13) Study of association between health literacy and health-related quality of life among patients with multiple sclerosis

14) Quality assessment of English websites in the field of Multiple sclerosis(M.S) disease Using the WebMedQual Scale

15) Identify and analyze the prerequisites of access to information literacy skills among among Covid-19 patients and Its relationship with e-health literacy

RESEARCH INTERESTS

1) Information organization
2) Information storage and retrieval systems
3) Information literacy
4) Health literacy
5) Information behavior
6) Information databases
7) Indexing and abstracting
8) Scientometric studies
9) Evaluation studies

SELECTED HONOURS AND AWARDS

Award (2006)

1) Islamic Republic of Iran Book of the Year Award as author and awarded by the President

Honors

(2007)

(2008)

1) Ranked first in the educational service of the Ministry of Health and Medical Education (As the head of department)

2) The appreciation for Educational Promoting of the department (As the head of department)

3) The appreciation for Educational and research promoting of the Paramedical science faculty (as educational member)

(2009)

4) The appreciation for the third conference of medical library and information science articles published as a book
